

How to use this site

Welcome to DIY Homefit Ltd - Where Quality Comes First!

We have tried to organise our site to make it as easy as possible for you to find what you are looking for, in particular note that most pictures can be clicked on to produce larger, clearer versions.

'GALLERY - KITCHENS' shows pictures of most of our ranges of replacement door and drawer fronts in a fully fitted Kitchen setting.

'GALLERY - BEDROOMS' similarly shows our ranges of bedroom door, wardrobe and chest products in a fully fitted Bedroom setting.

(From each style you can click on 'More info/buy now' for an easy entry into the product information and prices pages.)

'Door Finishes' shows examples of every finish available - again just click on a thumbnail for a larger picture.

The products that we sell are all listed on the left-hand side of this page:

-

'Doors and Drawer Fronts' , 'Matching Accessories' , 'Cabinet Carcasses' , 'Worktops' and 'Hardware, Handles etc' are the groups of products that we sell, just click on any one of them to go into the information, prices and buying pages.

-

Similarly for Bedrooms: 'Doors and Drawer Fronts' , 'Matching Accessories' , 'Wardrobes and Bedroom Unit Carcasses' , 'Bella Matching Furniture' and 'Hardware, Handles, etc'.

In addition, we have provided what we hope are several useful articles for help and advice - these are listed down the right-hand side of this page. Please select any of them for further information. For step-by-step instructions on using the site please click here: [how to get started](#).

For easy no-pressure browsing and buying you may add items to the cart as you go, print it out for checking and, provided you have registered with us and are logged in, we will retain the cart for you for up to 30 days after your last log in.

We wish you good browsing and easy buying!
