ARTIS SURFACES

Midnight Snow (Original & Bohemian)

Just for you because you're on top of the latest design trends and choose from the most innovative designs, we present the new Artis Surfaces Collection.

Choose from 4 unique design options, exclusive finishes and special effects to create chic yet functional kitchen environments.

Artis surfaces provide the stunning ambience of quartz, stone, glass or solid wood at a fraction of their cost. We include the latest technology I80fx laminate designs, which are faithful

representations of natural granite slabs or timber, perfectly depicting their patterns with rich colour variations and striking veins.

Unlike conventional laminates, I80fx designs are printed to true scale proportion.

Manufactured to exacting standards, Artis offers leading quality, reliability and long lasting performance and the complete collection is available "off the shelf" simplifying installation.

ARTIS SURFACES

ARTIS ORIGINAL SPECIAL EFFECTS 3.6m & 1.8m Surfaces

ARTIS ORIGINAL TEXTURES 4.1m & 3.0m Surfaces

ORIGINAL **BURNISH**

Combining a gently undulating surface with a subtle gloss element, the softly shimmering patina entices the eye and is appealing to the touch.

Burnish works beautifully on stone decors, refracting the light to give the surface wonderful depth and clarity; the perfect finish to our authentic 180fx stone effects.

Dolce Vita (Burnish)

Alhambra (Burnish)

ORIGINAL **BURNISH**

I80fx

Dolce Macchiato

Dolce Macchiato expresses the stain colours of many popular cabinets; deep walnut, warm cherry and golden oak.

A perfect co-ordinate for any kitchen that needs extra drama.

With a rich coffee brown hue, Dolce Macchiato capitalises on trend brown stones to coordinate with woods.

I80fx

Dolce Vita

Fun and fresh, the large scale granite pattern recalls the typical sweep of exotic wood interspersed with quartz crystals.

Misty grey, off-white and charcoal are touched with hints of soft rose and purple.

I80fx

Piedmonte

Inspired by beautiful large scale Mascarello granite from Brazil, Piedmonte captures the rich detail of the stone in soft tones of white, off white, taupe and warm grey.

I80fx

Urban Travertine

A perfect match for the elegance of modern architecture, Urban Travertine has a neutral creamy colour accented by subtle strokes of silvery grey.

Components (38mm postformed laminate worksurfaces: 3mm double radius Slab-Cut profile)

Worksurfaces: 3600 x 600 x 38mm • 1800 x 600 x 38mm • 3600 x 665 x 38mm • 1800 x 665 x 38mm • 3600 x 900 x 38mm • 1800 x 900 x 38mm

Matching Upstand: 3000 x 100 x 20mm (3mm postformed radius)

Also available in: ▲ 3030 x 1200 x 8mm matching splashback

BURNISH TEXTURE

I80fx images are scaled to show a full size laminate sheet prior to trimming down to worktop widths; with a 1:1 insert for a closer look.

ORIGINAL **BURNISH**

From statement stones to contemporary black, white and grey, Burnish takes minimalist to another dimension. The depth of texture, the flow of colour and play of light and shadow erupt through a glittering crystalline surface that changes with sunlight or focused pelmet lighting.

GLOSS TEXTURE

180fx images are scaled to show a full size laminate sheet prior to trimming down to worktop widths; with a 1:1 insert for a closer look.

ORIGINAL **GRANITE**

Subtle surface detail highlighted by a soft polished sheen gives the authentic look and feel of natural stone.

Combined with 180fx true scale designs, Original Granite comes to life.

Ashford Black (Granite)

ORIGINAL **GRANITE**

180fx

Ashford Black

Intensified by its depth and warmth, Ashford Black features finely drawn veins in black and white for a rich dramatic effect.

180fx

Autumn Nacarado

Nacarado quartzite embodies its name – “pearly” or “mother of pearl” in Spanish – with a creamy white/grey background laced with white veining throughout with crystalline details and whispers of gold, rust and grey.

180fx

Ivory Nacarado

Ivory Nacarado quartzite embodies the same pearly effect as Autumn Nacarado with a creamy white/beige background laced with white veining and details of gold, rust and brown.

180fx

Silver Nacarado

With a silver background, Silver Nacarado is laced with white and black veining throughout with whispers of charcoal, rust and grey.

Components (38mm postformed laminate worksurfaces: 3mm double radius Slab-Cut profile)

Worksurfaces: 4100 × 600 × 38mm • 3000 × 600 × 38mm • 3000 × 665 × 38mm • 3000 × 900 × 38mm

Artis Bohemian Chrome - Matching Splashback

Artis Bohemian Natural - Matching Splashback

Splashbacks & Upstands

Splashbacks

Artis splashbacks are a stylish and contemporary alternative to traditional tiling in kitchen design. They are hygienic, easy to maintain and require no grouting.

Providing an inspirational look, Artis splashbacks come in a full sheet size for design flexibility so you can completely cover your wall space with minimum joints or install floor to ceiling where appropriate.

Artis splashbacks are installed with standard joinery procedures and with our Gloss, Snow, Granite and Burnish styles, offer a practical and cost effective solution to bespoke glass, quartz or natural stone which require templating and specialist installation.

Splashbacks should always be installed at least 130mm from a hob or heat source.

Upstands

Create clean uncluttered lines between your wall and worktop with an Artis upstand. Used as an addition or alternative to tiling; upstands help to perfect the finish of your kitchen.

Matching upstands are available across the full range of Artis Original and Bohemian worktops.

Artis Guarantees

Artis Original is guaranteed for its lifetime.

Artis Bohemian Chrome is guaranteed for 10 years.

Artis Bohemian Natural and Artis Slim are guaranteed for 3 years.

Artis will make good by repair and/or replacement (at its discretion) any Artis product of its manufacture which can be shown to have failed by reason of defects in its manufacture, subject to fair wear and tear, provided that the product has been installed and used in accordance with the manufacturer's instructions and that the products are used for their intended purpose. Proof of date and place of purchase required.

This guarantee is in addition to your statutory rights as a consumer and does not affect your rights in any way.

Advice on Installation

Before proceeding with fabrication or installation work, please ensure that the Artis Installation, Care and Maintenance leaflet has been carefully read which can be located in the Artis worktop packaging, from your Artis dealer or on line at www.artis.co.uk.

Products must be properly acclimatised and checked for quality prior to fabrication or installation procedures.

All stated dimensions are nominal.

Quality, Care & Maintenance

Quality

Manufactured with the finest materials, Artis Surfaces offer a stylish yet durable solution for everyday living.

Independently tested to BS/EN438, Artis work surfaces are designed to withstand knocks, abrasions, chemicals cigarette burns, steam, stains from juice, tea, wine or coffee. They are also highly resistant to heat, although we recommend the use of a protective pad or trivet as saucepan and casserole bottoms can become extremely hot. Please also avoid chopping and cutting directly on the laminate surface.

Artis select E1 grade high density particle board for strength and stability. Its homogenous construction generates excellent machining capability for sink and hob cut outs and mitred joints.

Artis Original postformed surfaces have a cast resin drip edge to seal the underside against moisture penetration from every day spills.

Performance Characteristics

Laminate surfaces are a practical and hygienic solution, however, please be aware that wear and tear is more visible on gloss and darker laminate surfaces. Additional care should be taken during handling, installation and use of these products.

Laminate surfaces with ABS or laminate square edges are more susceptible to moisture ingress at the top and bottom of the factory finished edges. Although the adhesive used in their manufacture is moisture resistant, it is not waterproof; so extra care should be taken with these products and accidental spillages or standing water wiped up immediately.

Care and Maintenance

Artis worksurfaces are so easy to maintain. On a day to day basis, all you need to do is wipe them down with a moist cloth and your favourite mild detergent.

For more stubborn marks such as fruit juice or coffee, leave the detergent to soak on the surface for a little while before rinsing thoroughly. Gloss and darker surfaces require buffing up to a shine after their normal wipe down to maintain their appealing looks.

Obviously your worktop can become damaged if mistreated, so we recommend some sensible measures like placing hot pans or casserole dishes on protective mats and mopping up spills quickly.

Full details can be found in the Artis Installation, Care and Maintenance leaflet. These are included with every worktop purchased but if you need a copy, please ask your Artis dealer. All Installation Care and Maintenance guides must be passed on to the consumer as they form an integral part of the product guarantee. Incorrectly installed or poorly maintained products are not covered under the guarantee.

Our easy to navigate brochure with larger scale photography eases the selection process but we do recommend you view an actual sample of the material to appreciate the full beauty of our designs and textures.

Please contact us at samples@artis.co.uk with your name and address details and we'll post you the sample of your preferred colour.
